

***An Invitation to the 2012 Annual Meeting of the
Conference of Radiation Control Programs Directors (CRCPD)***

In Orlando, Florida

May 7 – 10, 2012

The 44th Annual Meeting of the CRCPD will be held in Orlando, Florida from May 7 – 10, 2012. The Florida Department of Health, Bureau of Radiation Control staff cordially invite you to attend this year's meeting which will be held at the Wyndham Orlando Resort <http://www.wyndham.com/hotels/MCOWD/main.wnt>. The Wyndham Resort is located at 8001 International Drive in the heart of the hopping I-Drive strip of fun. The hotel offers a free shuttle service to Sea World and Universal studios and a one day pass of \$4.00 will allow you to ride the I-RIDE Trolley up and down the miles of fun on International Drive.

Orlando might be home to some of the nation's greatest theme parks, but there's a lot more that the City has to offer visitors. Known as "The City Beautiful", Orlando is also one of the world's fastest growing cities and a center for digital media and biomedicine. Being warm and sunny all year round invites visitors to stay and play. Take advantage of experiences that are uniquely Orlando, like flying through a swamp on an airboat or getting up close with wildlife at Gatorland or SeaWorld's Discovery Cove. Sports lovers can cheer on the Magic NBA basketball team at the new Amway Center or take a ride on one of multiple zip-lines in the area. And the fun doesn't stop when the sun goes down: check out a show at Cirque de Soleil, Blue Man Group or one of Orlando's many dinner theaters

Activities abound day and night so be sure and stop by the Orlando Official Visitor Center located at 8723 International Drive to get the most current listing of activities, discount tickets and coupon offers.

This year's night out activity will be held Wednesday evening at the Royal Pacific Resort at Universal Studios. This year's casual event is a plated dinner with Luau

Entertainment. Savor the exotic tastes of the South Pacific and enjoy a musical journey through the Polynesian islands. This should be absolutely beautiful and exotic!

The temperature averages for Orlando in May range from low 70s to high 80s with an occasional rain shower.
